FAME

PROGRAM

Congratulations Student Filmmakers

FAME's annual conference and our live Jim Harbin Student Media Festival were cancelled, due to COVID19. Many school districts were shut down in Spring 2020, before students were able to finalize their projects. FAME decided that they would honor the entries that had been submitted for judging.

This year's celebration of student filmmakers includes: a student produced montage, posting winning video links on our webpage and mailing all trophies to the schools.

Congratulations !
